WORKING WITH YOU

Founded in Germany in 1904 and with roots stretching back to 1790, we provide a wide range of hand tools, tool storage, power tool accessories and security products suitable for professional, industrial and consumer use.

Our products are sold around the world, via our own sales teams in the UK, Ireland, France, Germany and by a network of experienced distributors in over 40 countries, including USA, Canada, South Africa, Australia and Hong Kong.

Guided by our Quality Policy, Carl Kammerling International Ltd is committed to continually improving its operational quality and performance. As such we have been certified to ISO9001 since 1991.

BRANDS

Portfolio of brands that consumers trust.

A one stop shop solution covering all needs.

Marketing investment of over £1m.

C.K Number 1 Brand for Electricians in the UK; Number 2 in France.

INNOVATION

Workout with end users to understand their requirements.

Developing products with unique features and benefits.

Prototypes sanity checked by our trade panel of experts.

QUALITY

High quality German manufacturing.

C.K Redline side cutters viewed as the best quality.

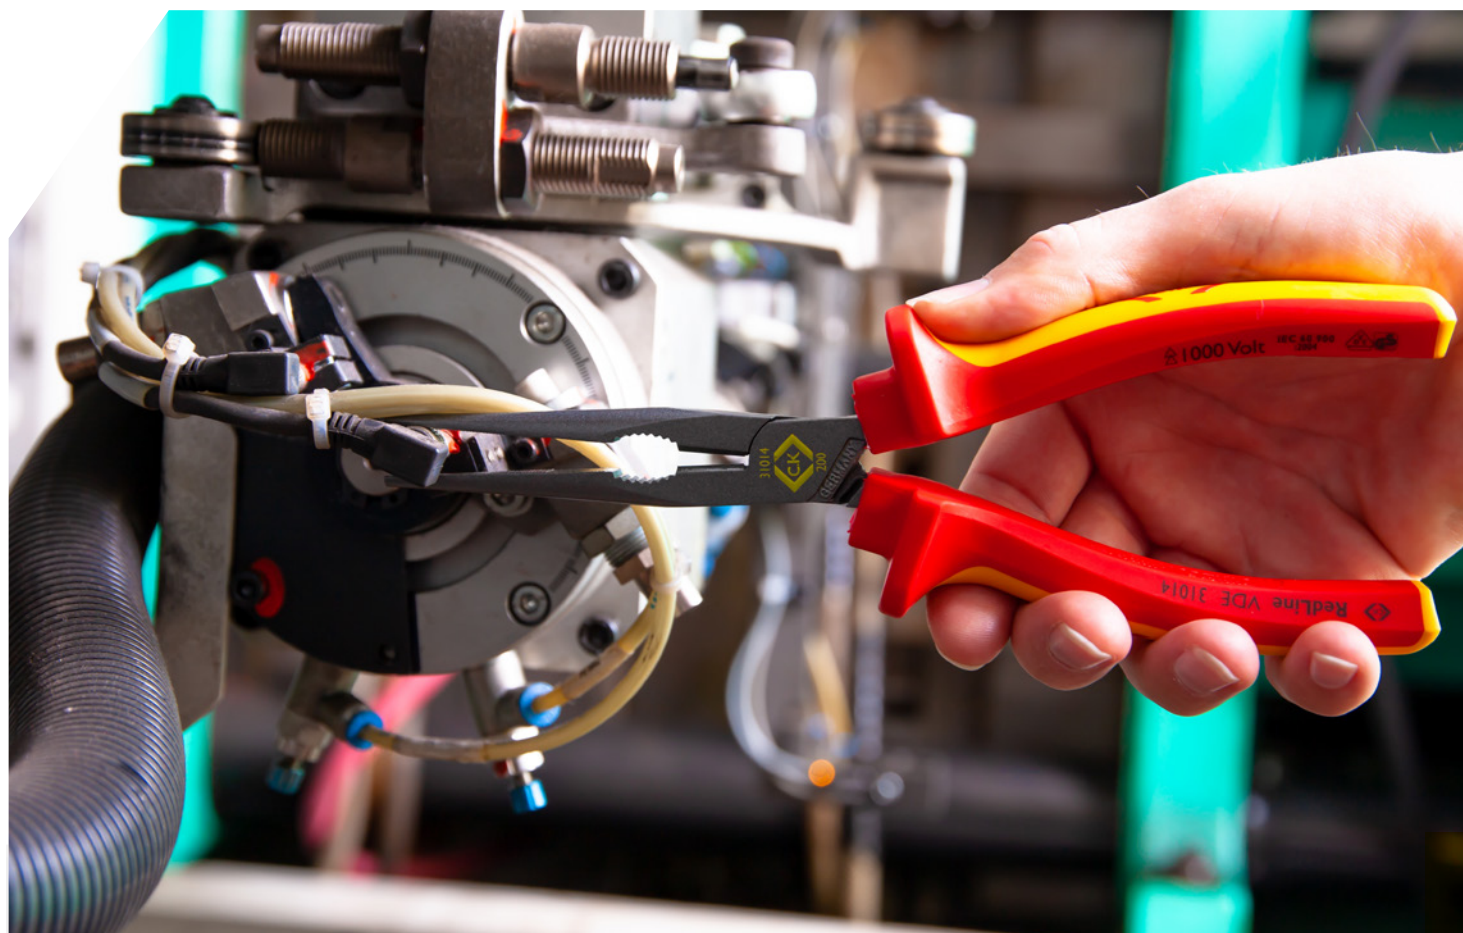

C.K Dextro screwdrivers tougher than ISO requirements.

VDE certified.

SERVICE

98% availability on over 3,000 products.

Next day delivery in UK.

DESIGNED FOR PROFESSIONALS

For over 100 years, C.K. has been at the forefront of hand tool manufacturing, producing high quality tools that meet the most demanding needs of trade professionals.

Backed by a lifetime guarantee, C.K. tools are engineered to offer leading performance, durability, accuracy and strength, all of which are key requirements for professional results.

Driven by research through an extensive panel of cross-trade professionals, tools are developed to assist with every day tasks; an approach proven to produce innovative tools that transform traditional working practices.

LOCKS YOU CAN TRUST

Kasp Security Range

Kasp offers quality products to meet the most demanding security needs of domestic, commercial and industrial users, the range includes security chains, key safes and lock off and a full suite of locks from 15mm brass to top of the range grade CEN6 security padlocks. So when security really matters choose Kasp.

Product quality

Kasp locks have been designed and manufactured to the highest standards. Precision engineered from premium grade materials, ensuring exceptional strength and outstanding reliability, Kasp locks are reassuringly renowned for being locks you can trust.

Kasp Security Lockout

To the Electrician, safety is paramount and the selection of quality tools and equipment is vital for their welfare.

From life-saving Lockouts items and kits to High Security Padlocks, if its safety or security that's needed then you can rely on Kasp.

The Kasp Guarantee

Confident in our product quality, we offer a full 10 year guarantee against defects in manufacture and materials on mechanical security products, and a 12 month guarantee on electronic security products.

Security Rating

The Kasp classification system assists in the selection of the appropriate product. The scale runs from 1 to 15 – the higher the number, the higher the security rating. To further aid selection, ratings have been grouped into 3 general levels of security – low, medium, and high.

Kasp Service Centre

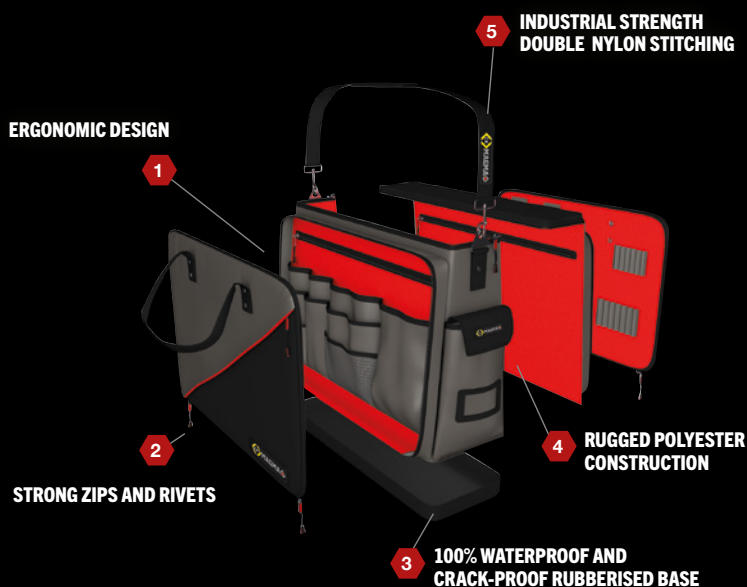

Our Service Centre provides an array of services from simple key cutting to more complex master keyed systems. Ordering is quick and easy, with an average delivery time of just 2-3 days.

GET ON THE CASE

C.K. Magma is a premium tool storage solution, designed to be smarter, lighter and more versatile than your average tool case. Developed in collaboration with respected and experienced cross-trade professionals, C.K. Magma boasts exceptional durability when operating in the toughest of environments. C.K. Magma products are built around a “vertical storage” design philosophy, to accommodate a variety of tools and equipment. This provides greater accessibility, meaning less time looking for tools and more time for you to “Get on the Case”.

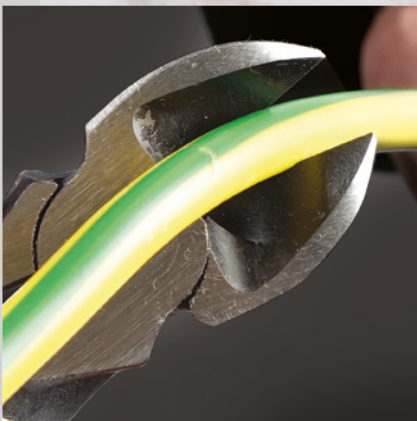

EXCEPTIONAL DURABILITY AND OPTIMAL DESIGN

REDLINE PLIERS & CUTTERS

Two component, ergonomic design, with anti slip horns for increased comfort, control and safety. Induction hardened jaws for outstanding long term performance. Cutting jaws with C.K optimised geometry for unsurpassed cutting performance. Special alloy steel, drop forged, hardened and tempered for exceptional strength and durability.

PROBLEM

Repetitive work with cutters can add strain on the hand and wrist and cause painful pressure points in the palm.

SOLUTION

The C.K Redline cutters require 18% less force to make a cut.

WORKING WITH **ELECTRICS?**

C.K Tools puts our user's safety and wellbeing at the forefront of everything we do and is an integral part of what makes our products 'Designed for Professionals.'

This is paramount when working in potentially life threatening environments like during electrical installation and maintenance.

With this in mind we have developed a range of VDE tested and approved products which meet the highest standards set by the Verband der Elektrotechnik (VDE) institute. This independent test house is one of Europe's largest technical-scientific associations and a symbol of safety and quality that each of our VDE specific tools wears with pride.

All C.K VDE tools conform to the requirements of the latest international standard EN IEC 60900:2018, which sets out the insulation tests that every single tool has to pass to prove their safety. The most important test is where each VDE product is put under water and given a 10,000-volt charge. This tests that the handles are 100% insulated and will protect the user even if they touch live wires carrying up to 1000 volts.

Conforms to IEC 60900. Approved and independently audited by the German VDE institute.

RedLine™ VDE

PREMIUM QUALITY INSULATED PLIERS & CUTTERS

1. Two component, ergonomic design, with anti-slip horns for increased comfort, control and safety
2. Induction hardened jaws for outstanding long term performance
3. Cutting jaws with C.K optimised geometry for unsurpassed cutting performance
4. Special alloy steel, drop forged, hardened and tempered for exceptional strength and durability
5. VDE approved - individually tested to 10,000V for safe live working up to 1,000V

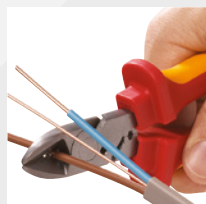

COMBICUTTER 3

IT STRIPS - IT BENDS - IT SHEARS

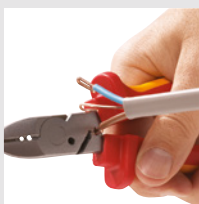

Specially designed for electrical installation work these award-winning cutters have transformed the way in which electricians work and have become the number one choice of professionals.

IT STRIPS

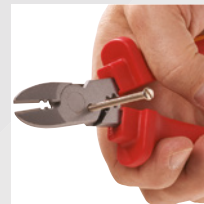

Wire stripping notches - for effortless and damage free stripping of 1.5 and 2.5mm² wire.

IT BENDS

Wire bending anvil - for quick and damage free doubling back of copper wire.

IT SHEARS

Patress screw shear - for damage free cutting of patress screws.

dextro™ VDE

PREMIUM QUALITY INSULATED SCREWDRIVERS

VDE Approved Range of Premium quality Chrome Vanadium Screwdrivers – all individually tested to 10,000V for safe live working up to 1,000V

Handle Injection moulded directly to blade giving the ultimate bond for increased reliability and durability.

SURE-DRIVE SOCKET SETS

SUCCESSFULLY COMBINE HIGH QUALITY WITH HIGH PERFORMANCE

Heavy duty chrome vanadium construction for superior strength and durability. Reversible, 72-teeth ratchet mechanism for fine adjustment in confined spaces. Ball bearing locking system with push-button release mechanism for quick interchange of sockets. Dual component, non-slip grip for added comfort and control. Hex and Bi-Hex design to accommodate a range of fasteners and bolts. Rust-resistant satin chrome finish. C.K Sure-Drive system applies torque to the flat of the nut rather than the corners to avoid rounding off.

RESCUE SETS

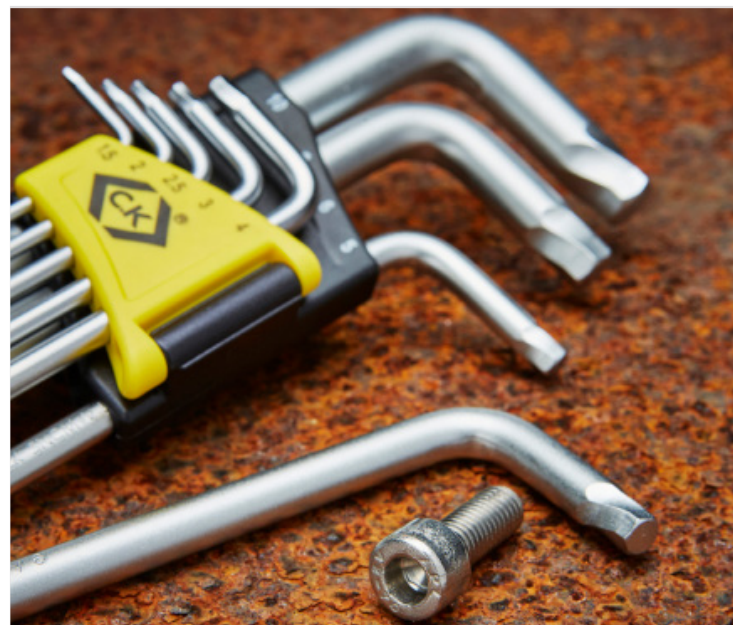

Designed to alleviate the arduous and time consuming process of removing broken/damaged nuts, bolts and fasteners.

Damaged Nut Rescue Set/10 | T4360

Featuring high quality patented extractor inserts for Ring Spanners and Sockets, that securely grip all round, and effortlessly remove fasteners with up to 85% damaged or worn corners. Ideal for a wide range of applications.

- Adapters for fixings sized 8,9,10,11,12,13,14,15,16 and 17mm.
- Works on a range of fasteners e.g. 6 point, 12 point, Hex and Spline.
- Adapts just two socket/ring spanner sizes to fit 10 different fasteners (sizes 8-17mm).
- 8-12mm inserts suit 14mm wrench/ 12-17mm inserts suit 19mm wrench.
- Unique Flange designed to prevent fall through.

Damaged Hex Screw Rescue Set/9 Metric | T4440M

Quality patented Hex Key Set to help quickly remove damaged Hex fasteners, with up to 100% rounded heads.

1.5, 2, 2.5, 3, 4, 5, 6, 8, 10mm.

FILES

Manufactured from special file steel, prevision cut and hardened for outstanding performance and durability. Ergonomic soft grip handles for superior comfort and control, with a specially designed solid inner core for a safe and secure handle to tang bond.

POWER TOOL ACCESSORIES

The last century has seen advancements in technology which has changed the way we perform daily tasks, none more so than with the advent of Power Tools.

Early adopters in industry discovered the huge benefits, with greater efficiency gains and productivity across a variety of tasks. This in combination with a less fatigued work force and safer operation meant power tools were here to stay.

C.K Tools has developed a range of accessories which give your power tools the edge whether it's drilling, cutting or screwing across a wide range of materials including metal, masonry, wood or plastic. All our products are designed for optimal performance and enhance your tools ability in getting the job done, with greater longevity in use and the quality expected from a leading UK brand.

Box Spirit Levels

Sizes available:

Powder coated, box section aluminium - strong, light & durable. Shockproof, unbreakable vials, guaranteed leak-proof for three years. Luminous horizontal vial for low light conditions.

T3494 16 - 400mm
T3494 24 - 600mm
T3494 32 - 800mm
T3494 40 - 1000mm
T3494 48 - 1200mm
T3494 70 - 1800mm

XT Tape Measures

Double sided markings for regular, overhead & vertical measuring. Nylon coated blades for superior abrasion resistance & durability.

Sizes available:

T3448 16 - 5m / 16ft
T3448 25 - 7.5m / 25ft

Steel Ruler

Fine Inch/Metric graduations for accurate measurements.

Sizes available:

T3530 06 - 150mm/6"
T3530 12 - 300mm/12"

Carpenters Pencil

T1125 24

Traditional rectangular leaded carpenters pencil.

Chalk Line Reel and Chalk

T3522

Self chalking line with end attachment hook for ease of use.

High Vis Steel Claw Hammers

Hi-vis handle for increased visibility in low light conditions. Drop forged high carbon steel heads hardened & tempered for superior strength and durability.

T4229 08 - 8^{oz}
T4229 16 - 16^{oz}

T4229 20 - 20^{oz}

Anti Vibe Claw Hammers

Contoured anti-vibe shock absorbing grip system to protect against injury through shock. Single piece drop forged high carbon steel head.

357001 - 16^{oz}
357002 - 20^{oz}

Bolt Cutters

Head & cutting edges manufactured from hot drop forged Chrome vanadium steel. Cut around material and hard wire up to 40HRC.

T4358 12 - 300mm T4358 25 - 630mm
T4358 15 - 380mm T4358 36 - 900mm
T4358 18 - 470mm

Compound Action Snips

High leverage design for easy cutting of steel, stainless steel & titanium. Forged chrome molybdenum steel jaws, hardened and tempered for long term cutting performance.

T4537AS - Snips Straight T4537AR - Snips Right
T4537AL - Snips Left

12 in 1 Cross Key

Suitable for all common cabinet closures found in Electrical engineering, gas and water supply; offering even more versatility with three key heads, incorporating double functionality.

T4455 - Cabinet Cross-Key

Hex Keys

Chrome vanadium steel, hardened & tempered for strength & durability.

T4407 - Hex Key Torx Set /8
T4409 - Hex Key TX Tamper-proof Set /9
T4443M - Ball End Hex Key Metric Set /10
